

Fire Extinguisher

Water Extinguisher

Description:

Water extinguishers are suitable for Class A fires caused by combustion of solid materials such as wood, paper, straw, textiles and coal etc.

Water additive extinguishers use an environmentally friendly additive that greatly enhances the performance against Class A fires.

Typical application for these extinguishers includes commercial offices; public places, restaurants, hotels; schools, industrial units and many others.

Features:

- Easy to handle
- Controlled discharge
- Effective spray application
- Fully BS-EN3:7+8 approved
- Pressure gauge
- Quality lining

Benefits:

- Environmentally friendly
- Reliability
- Easy to service and maintain
