Weatherproof Back Box WBB

Product Overview

Approved for indoor and outdoor use

Low current draw

High dB output

Three sizes available 6", 8", 10"

AC and DC models

DC models are polarized for use with supervision circuitry

Mount directly to standard 4" square electrical box

Engineering Specifications

System Sensor's SSM and SSV series bells are low current, high decibel notification appliances for use in fire and burglary systems or other signaling applications.

Reliable Performance. The SSM and SSV series provide loud resonant tones. The SSM series operate on 24VDC and are motor driven, while the SSV series operate on 120VAC utilizing a vibrating mechanism.

Simplified Installation. For indoor use, the SSM and SSV series mount to a standard 4 inch square electrical box. For outdoor applications, weather-proof back box, model number WBB, is used.

The SSM and SSV series come pre-wired, to reduce installation time. The SSM series incorporate a polarized electrical design for use with supervision circuitry.

Model shall be a SSM or SSV Series alarm bell. Bells shall have underdome strikers and operating mechanisms. Gongs on said bells shall be no smaller than nominal 6"/8"/10" (specify size) with an operating voltage of 24VDC or 120VAC (specify by part number). Bells shall be suitable for surface or semi-flush mounting. Outdoor surface mounted installations shall be weatherproof (using optional WBB weatherproof electrical box). Otherwise bells shall mount to a standard 4" square electrical box having a maximum projection of 2½". Bells shall be located as shown on the drawings or as determined by the Authority Having Jurisdiction. Bells shall be listed for indoor/outdoor use by Underwriters Laboratories and the California State Fire Marshal, and approved by Factory Mutual and MEA.

Standard Specifications

Operating Temperature Range -31°F to 140°F

Operating Voltage SSM series 24VDC SSV series 120VAC Termination Provided with 2 sets of leads for in/out wiring.

Service Use Fire Alarm General Signaling Burglar Alarm
